Featuring flexible program scheduling, CCSU’s MA in Psychology offers three tracks:

**General Psychology**
Highly flexible and tailored to students’ particular interests, the graduate program in General Psychology prepares graduates for careers in human services or further graduate study.

**Community Psychology**
The program in Community Psychology prepares students to be active practitioners in prevention and community-based research. You can take the lead in developing and implementing interventions against the onset of substance abuse, interpersonal violence, and depression.

**Health Psychology**
The only program of its kind in New England, the program in Health Psychology enables students to deeply understand biological, behavioral, and social factors in health and illness and to develop interventions fostering health.
