

Doctorate in Clinical Psychology

The Clinical Psychology (Psy.D.) doctoral program at the University of La Verne, located in Southern California, trains scholar-practitioners who think critically, apply their knowledge diligently, and practice ethically and compassionately. Our philosophy is that the clinical practice is based on the scientific foundations of psychology and that the science of psychology is informed by good clinical practice.

**APA
Accredited***

We welcome students of diverse ethnicities, cultures, religions, sexual orientations, ages, and physical abilities.

*Questions related to the program's accredited status should be directed to the Commission on Accreditation:
